ABOUT ME

Motivated B.Tech Information Technology student with a passion for software development, open-source technologies, and problem-solving. Currently serving as Tech Lead at FOSS Club CEV, with experience in organizing technical events and developing web and mobile applications. Eager to contribute to innovative projects while continuously expanding my technical expertise.

EDUCATION

APJ ABDUL KALAM TECHNOLOGY UNIVERSITY | 2024-2028

B.Tech Information Technology

I am currently pursuing a Bachelor of Technology (B.Tech) in Information Technology at the College of Engineering Vadakara (CEV). I am passionate about software development, open-source technologies, and building practical solutions.

PM SHRI KENDRIYA VIDYALAYA KANNUR | 2024

Higher Secondary

Completed Higher Secondary Education at PM SHRI Kendriya Vidyalaya Kannur with Physics, Chemistry, Mathematics (PCM), and Computer Science. The curriculum provided a strong foundation in mathematics, scientific reasoning, and programming fundamentals, fostering analytical thinking

PROJECTS

Priyasarshini Tea Management System

- Engineered a full-stack Tea Estate Management System to digitize estate operations and optimize administrative processes.
- Implemented secure role-based authentication and database-driven modules for managing employees, records, and workflows.

Healink-Real Time Patient Monitoring System

- a healthcare platform that enables migrant workers to remotely monitor and manage the health of their family members and dependents.
- Implemented features including real-time health tracking, medication reminders, caregiver connectivity, and secure health record management to improve remote caregiving.

RestSnap

- Developed RestSnap CEV, a web application that helps students discover nearby restaurants with personalized recommendations based on preferences and ratings.
 - Integrated machine learning-based sentiment analysis to evaluate restaurant reviews, providing users with more reliable dining recommendations.
-

POSITIONS OF RESPONSIBILITY

FOSS Club CE VadaKara

Tech Lead

- Led the technical team in organizing and delivering workshops on open-source technologies.
- Coordinated the technical aspects of college hackathons and developer events.
- Supported students in exploring modern development tools and contributing to open-source projects.

IEDC CEV

TECH SUB TEAM

- Contributed to the technical planning and execution of innovation- and entrepreneurship-focused events.
 - Collaborated with the team to support workshops, hackathons, and technical initiatives.
-
